

Single Bank / EMP1-2A

World's Favorite Bagel Machine

The Empire Automatic Bagel Machine is time proven. It's fast, strong, reliable and is easily adapted for the production of mini, regular and bull bagels at up to 3,600 pieces per hour. The divider has a scaling range of 1 to 12 ounces and may be used independently to divide many types and textures of dough. Our variable knife speed assures you of the proper dough piece shape for all sizes and weights of your product. The bagel former is designed to work in conjunction with the divider, but may also be hand fed.

Features

- Produces up to 3,600 Pieces/Hour
- Variable Speed on Knife Allows you to Adjust Dough Piece Shape for the Best Possible End Product
- Rotary Knife Action - No Piston or Messy Oil Clean Up
